

## A RICH SCHEELITE STRIKE

CLONCURRY, October 11. — Mr. Neville Sturmaker, Kajibbi, struck a rich patch last month, when he unearthed 27 bags of scheelite ore, representing a net dry weight of 1 ton 8cwt, 0qr, 1lb. scheelite. The price paid for same was £5/10/- per unit, and the gross value was £470/15/2.

Not a bad return for a month's work, and helps one understand why men still delve in the bowels of mother earth when riches such as this are still to be found.
